

## New on Turas Learn... the Equality and Diversity Zone

NHS Education for Scotland is pleased to announce the launch of the Equality and Diversity Zone on Turas Learn, NHS Education for Scotland's platform for learning and support resources.

The Equality and Diversity Zone provides information and resources to support people at all levels to develop knowledge and skills in equality, diversity and human rights.

The resources you find here will help you to make your practice, services and workplace more accessible and inclusive, supporting better experience and outcomes.

We host and curate content from NHS Education for Scotland, NHS Boards, and other key partners on a Once for Scotland basis to make these resources as accessible as possible.

In the zone you will find:

- information on equality duties, human rights and related tools and topics; and
- a range of educational resources, including eLearning modules, guides and frameworks.

Users can access many of the resources directly at <https://learn.nes.nhs.scot/3480/equality-and-diversity>.

Anyone who works or volunteers in or with the public sector in Scotland (including third/voluntary sector or if you work in care homes, care at home or day care) can [sign up for a Turas account](#). Log in with your Turas account to access eLearning modules and record the eLearning on your personal learning record.

Whether you are a student, support worker, clinician, administrator, project manager or Board member, there will be something for everyone.

Log into the Zone and you will find learning and practice support for:

Augmentative and alternative communication

Making communication even better

Corporate Parenting

Dementia and equality
